

Superior Solutions

## Zep Pressurized ShurFill System

**For use with the Model B and the Zep DURA SHOT™ S sprayers**

### The Zep Shurfill Pressure Fill System

is designed to charge a refillable pressurized sprayer with chemical and air in one easy application. The Zep Shurfill Pressure Fill system will fill a 32 oz. or 24 oz. pressurized can in approximately 10 seconds. This unit will minimize waste from the use of aerosol cans by refilling a reusable container.

- **Built-in grounding cable for safety**
- **Quick disconnect for air compression hook up**
- **Convenience of aerosol dispensing with cost savings of a bulk product**
- **May be used with 1-gallon, 5-gallon, 20-gallon and 55-gallon product sizes**

### Available unit types

- L90501 - Pressurized ShurFill for Model B
- L90801 - Pressurized ShurFill for DURA SHOT S
- S00701 - Adapter Kit for Model B Filler Cap

### Sprayers

#### Model B Sprayer

One-quart heavy-duty compressed air sprayer. Blue enameled steel. Trigger is spring loaded for positive control. For use only with solvent-based products. Do not use with water-based products.

**PROD.# 8298**

#### Dura Shot™ S Sprayer

Durable, heavy-duty compressed air sprayer. The Zep DURA SHOT S is made of anodized aluminum. This light, maneuverable sprayer is easy to fill – and its convenient trigger spray handle gives you positive control. Best of all, this heavy-duty sprayer is built to last. Use for both solvent and water based products. Twist off cap (no tools required). Sprays in vertical and horizontal position. 24 oz. capacity.

**PROD.# SP00228**
